At present, the problems of the neighbourhood youth in our country are given serious attention. For this reason, in order to realise the interests and wishes of the young people of SamSACU neighbourhood, relevant neighbourhood youths are attached to all heads of organisations and their interviews and meetings with their parents are conducted these days with the aim of providing them with practical help and social assistance with the help of relevant organisations , youths.

The interests of young people living in the neighbourhood and measures to provide practical assistance in solving their problems were discussed Together with the neighbourhood leaders.

1 NO POVERTY

SamDAQU is currently conducting moral and educational work among students to explain the opportunities and reforms currently being created in Uzbekistan for students to implement poverty reduction programmes and policies at the local, regional, national or global level in low-income, economically underprivileged families or families with disabilities and families with chronic sick members, single people, widows and low-income families with dependents, families with five or more dependents, and families with five or more children.

About 100 low-income youth in need of social protection were met and their problems were positively addressed at SamDAQU in 2023
